

Fashion Design Internship

Raison sociale de l'entreprise : Tally Weijl

Descriptif de l'entreprise : Founded in 1984, Tally Weijl is a Gen Z focused fashion brand with an empowering and unique heritage. From a small garage in Switzerland, Tally Weijl has been on a crazy journey building its community for close to 40 years, celebrating fashion, fun and love through independence and inclusivity. With 3M+ followers across social channels, we are further expanding both our local and global reach through our omnichannel experience. We are currently looking for passionate, talented individuals to join us on our journey. We want individuals who don't just demand change; they're making it happen.

Descriptif de la mission proposée : An exciting opportunity has arisen to join our Fashion Design team in our Campus in Basel!

In this position you will assist the design team across categories actively participating in the daily routine of our creative designers, from researching, creating trend boards, Sketching, creating spec Designs, fabric sourcing, keeping all activities into track.

Your Day to Day...

- As a Design Intern you will be assisting the Senior Designer across all seasonal and fast to market ranges collections that have the perfect combination of being commercial but also fun, bringing your firsthand knowledge as a Gen Z influencer.
- Working as part of a team, researching, and developing product across multi-product categories specifically for the Tally Weijl Customer
- Thoroughly research seasonal themes and inspirations, shape, fabric and colour concepts in collaboration with the senior designer
- Participate in fittings and support in following product through from concept to production as part of wider team
- Help with organising product for design meetings and product sign offs
- Creating C.A.D.s based on the description / brief given
- Tech pack creation, editing & updating seasonal collection plans
